AUTHOR AND SUBJECT INDEX

A

Abdel-Latif, El Anwar Amin and Issa Hussein Sultan: Cortisone withdrawal rebound phenomena and histamine. 19

Abram, Lewis E.; and Aaron J. Fine: Asthma and foreign bodies. 217

Acute ischemic colitis due to milk allergy. Joseph D. Sacca. 268

Adrenergic aspects of asthma, immunologic and. Robert J. Dochorn. 539

Aerometric pollen sampling, 1967 and 1968, New Orleans asthma III. Semiquantitative. John Salvaggio, Lawrence Zaslow, John Greer and John Seabury. 305

Aerosol inhalations responsible for an increase in asthma mortality? Are bronchodilator. M. Coleman Harris. 250

Agarwal, Mahendra K., D. N. Shivpuri, P. L. Shali, D. Parkash and P. L. Bhatnager: Insect allergy in India. 588

Air-conditioning system, Hypersensitivity lung disease caused by contamination of an. Nathan S. Weiss and Yussef Soleymani. 154

Air pollution, report of the committee on. Warren J. Raymer. 446

Airway obstruction in asthmatic children, effect of cromolyn sodium on exercise-induced. R. Michael Sly. 362

Aldrete, J. Antonio, Guinter Kahn and Sonia C. Ryan: Comparison of dermal sensitivity to preservative and local anesthetic drugs. 480

Alkalay, Israel and John C. Bullard: Systemic lupus erythematosus following prolonged treatment with hydralazine. 35

Allergic diseases, A rationale for the treatment of symptoms in. Johnny A. Blue. 86

Allergies of early life: sociological aspects. (editorial) Alfred J. Weil. 161

Allergy abstracts from around the world. 38, 102, 162, 231, 272, 329, 389, 442, 492, 549, 604, 651

Allergy as inflammatory reactions. David A. Dolowitz and Thomas F. Dougherty. 410

Allergy in chronic monilial vaginitis. N. M. Kudelko. 266

Allergy to hymenoptera stings—review of the world literature: 1953-1970. Solomon E. Barr. 49

Al-Rashid, Rashid A., and Richard A. Hadley: Leukocyte alkaline phosphates activity in allergic diseases. 283

Alum precipitated pyridine ragweed extract used prophylactically, Simultaneous aqueous ragweed extract and. Clement J. Sullivan. 71

Alum-precipitated ragweed antigens and a comparison of urinary excretion rates in the rat, preparation of ^{125}I labeled. Everett K. Mincey and Gordon S. Born. 346

Ambrosia elation, Skin challenge responses of patients to biophyically-isolated components of. William C. Grater, J. George Center and Allen Benton. 76

American College of Allergists Neurological Committee Report. 270

An analytical approach to the frequency distribution of positive skin reactions to atopic allergens. L. Berrens. 118

INDEX TO VOLUME 29

Anaphylaxis, the heart in human. Leo. H. Criep and Thomas R. Woehler. 399

Anderson, David W., Jr.; William A. Sellars; Salmon R. Halpern; Richard B. Johnson; Sidney Saperstein, and Buford S. Shannon, Jr.: New growth charts: soy, cow, and breast milk comparison. 126

Angiofibroma: report of a case, Juvenile nasopharyngeal. Elaine P. Schoelzel. 148

Annual Congress. Abstracts of papers presented. 221

Antani, Jayant, and H. V. Srinivas. Diethylcarbamazine in bronchial asthma. 418

Aqueous-organic solvent systems for extraction of allergenic materials from air-borne fungi, The use of. Donald G. Reese, William T. Northey, and Daniel H. Goodman. 171

Aqueous ragweed extract and alum precipitated pyridine ragweed extract used prophylactically, Simultaneous. Clement J. Sullivan. 71

Are bronchodilator aerosol inhalations responsible for an increase in asthma mortality? M. Coleman Harris. 250

Are nasal polyps an allergic phenomenon? Irvin Caplin, John T. Haynes and James Spahn. 631

Arion, Hannah, Nathan Lass and Joseph Sahar: Medico-legal aspects of occupational asthma. 573

Arterial carbon dioxide tension in bronchial asthma. Michael A. Diamond. 621

Arthritis, Sr-87m bone scans in juvenile rheumatoid arthritis. L. D. Samuels. 246

Arvela, Pentti; Eero Sotaniemi; Esko Huhti: Increased clearance of tolbutamide from the blood of asthmatic patients. 139

Aspirin-induced bronchial asthma in sisters. Floyd F. Miller. 263

Aspirin shock associated with asthma and nasal polyps. Bernard T. Fein. 598

Asthma and foreign bodies. Aaron J. Fine and Lewis E. Abram. 217

Asthma and nasal polyps, aspirin shock associated with. Bernard T. Fein. 598

Asthma, Computer records of ventilatory function in. Constantine J. Falliers, James W. Bates, and Ethel Berman. 239

Asthma in sisters, Aspirin-induced bronchial. Floyd F. Miller. 263

Asthma mortality? Are bronchodilator aerosol inhalations responsible for an increase in. M. Coleman Harris. 250

Asthma: safety and technique, rapid injection therapy in children with. D. L. Miller and H. C. Mansmann, Jr. 178

Asthma with disodium cromoglycate (Intal): a two year appraisal, Treatment of various types of. R. Munro-Ford. 8

Asthmatic children, Long- and short-acting epinephirne products in. W. F. Taylor, J. Brkich, and L. Stick. 257

Asthmatic children, Rodent hair sensitivity in. Richard D. Snyder and Stuart Alan Kahan. 113

Asthmatic patients, Increased clearance of tolbutamide from the blood of asthmatic patients. Eero Sotaniemi, Pentti Arvela, and Esko Huhti. 139

Atopic diseases, salivary IgA in children with. George W. Brasher. 422
